SCHOLARSHIP COMMONS

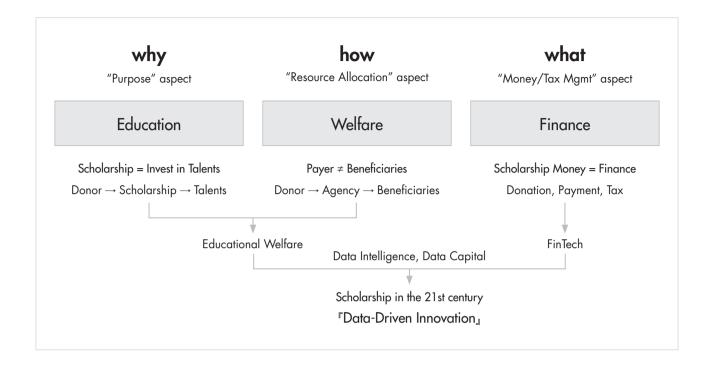

Patented Online Scholarship Management System

Guide to Managing Scholarship 2020-2021

Scholarship Industry

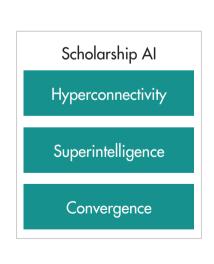

「Scholarship needs to combine education, welfare, and finance.」

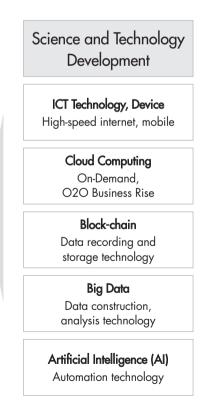

Direction of Change

The need for scholarship AI development is increasing.

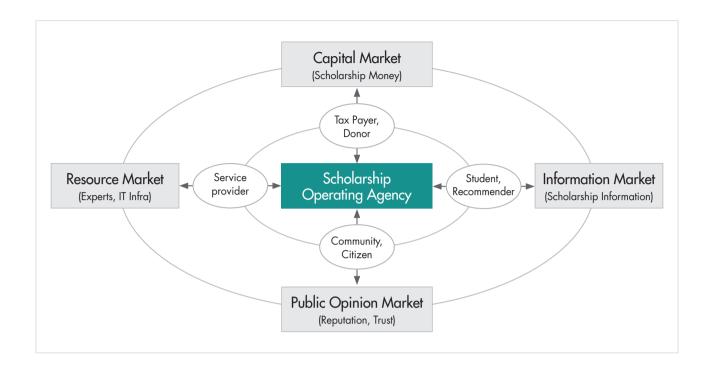

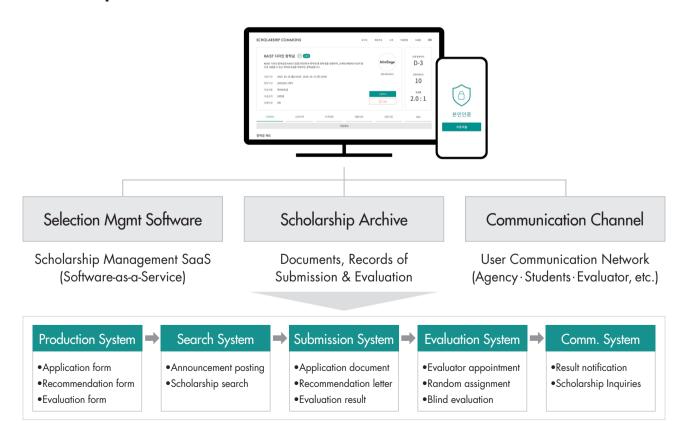

Scholarship Markets

「Scholarship has multiple users in four markets.」

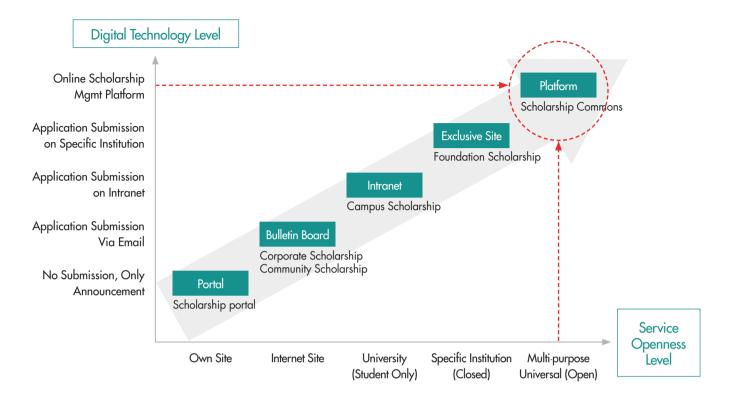

Scholarship Commons: Introduction

「Scholarship Commons is an Online Platform.」

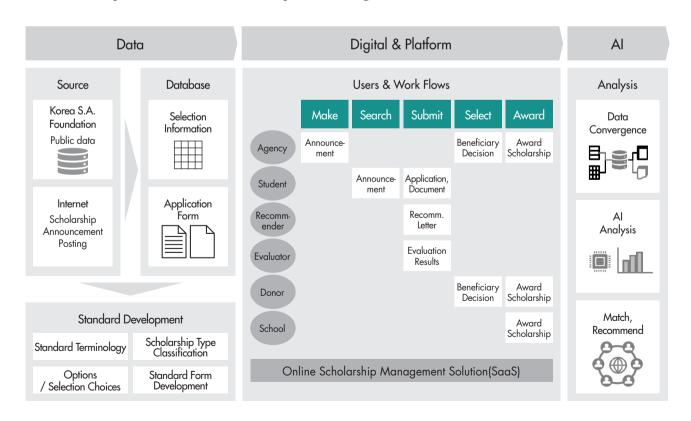

Evolution of Digital Scholarship

「Scholarship Commons runs the entire selection process on the internet.」

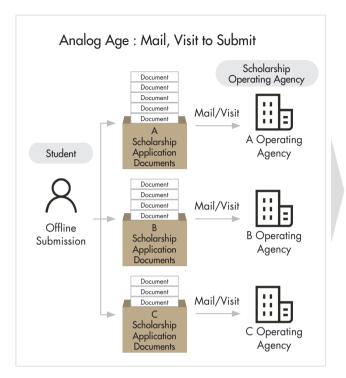

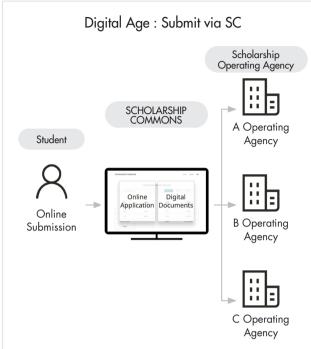

Scholarship Commons: Conceptual Diagram

Scholarship Commons: Digital Transformation

「Scholarship digital transformation pursues standardization, digitalization, and networking.」

Analog vs. Digital

	Analog Scholarship	Digital Scholarship
	Paper-based Offline Scholarbin Application Pocument	E-Document Online
Data Entry	Manual input	User input, automatic input
Info. Storage	Box storage, file storage	Cloud storage
Form Production	Paper form, electronic form	Digital form creation
Scholarship Search	Bulletin board; Scholarship site	Online, mobile search
Application	Email submission; Mail or Visit	Electronic documents submission
Conflict of Interest	Infrequent verification process	All users check whenever necessary
Evaluation	Paper document, offline screening	Electronic, digital, blind screening
Randomization	Administrator assigns evaluators	Computer assigns evaluators
ID Verification	Face to face; Visit	Un-contact, Online authentication

Scholarship Digital Transformation Diagnosis

^rBelow is a list of questions to be answered before introducing a digital scholarship platform._J

Checklist for Online Scholarship Management

Do we need a digital scholarship management platform?

0 - 2 : We don't need a digital platform yet.

 3 - 5 : We should at least consider the possibility of using a digital platform. 6 - 8 : We strongly need to consider to use a digital platform. Over 9 : We need a digital platform right away.
Resources Selecting scholarship recipients through paperwork and interview is too much of a hassle. We need to cut down the cost of processing scholarship applications. It would be nice if there was a common application system for scholarship such as the common application for college admission. We need to streamline and standardize scholarship application forms. We are in search of a back-to-back IT solution that empowers us to manage the entire process of scholarship application.
 Data We have to enter contents of submitted papers to computer manually, including application documents, letters of recommendation, and scholarship evaluation forms. □ Each scholarship has its own form and coordinator, making data management difficult. □ We want to make all analog paper-based formats into digital electronic-based formats. □ We want to securely store our scholarship database.
Evaluation ☐ The process of appointing and assigning evaluators is difficult and time consuming. ☐ We want to identify conflicts of interest among users (agency members, students, evaluators, recommenders, etc.). ☐ We want to bring more fairness and transparency to the evaluation process. ☐ We need a blind assessment system to promote the integrity of the scholarship evaluation.
Selection ☐ We need all relevant information and data on scholarship review at my fingertips. ☐ We want to monitor all stages of processing scholarship selection online. ☐ We want to inform the recommender of whether or not the nominee is selected.
Communication ☐ It is not easy to post scholarship announcements online. ☐ It takes time and effort to complete a scholarship management report. ☐ We need to convert all information on scholarship evaluation results into document form. ☐ We want an online channel for Q&A (Questions and Answers).

Scholarship Digital Transformation Approaches

「Scholarship Digital Transformation (DT) is possible by using Scholarship Commons.」

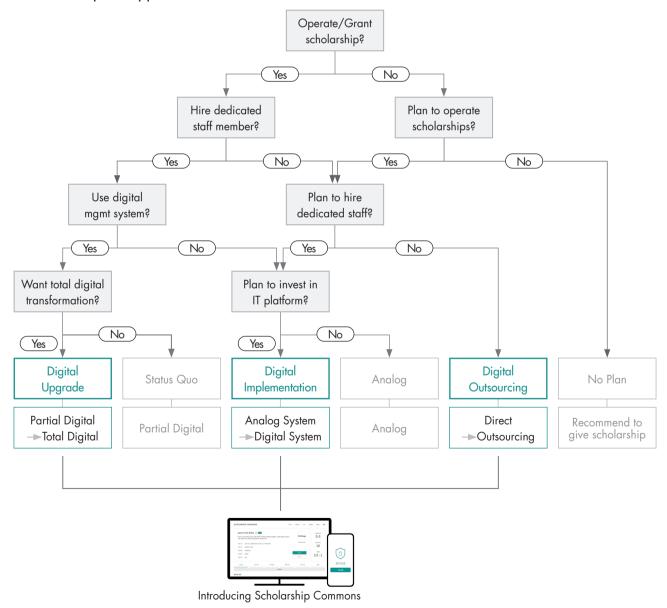

Three Questions to DT

- 1. Operate/Grant scholarship?
- 2. Hire dedicated staff members?
- 3. Invest in scholarship IT infra?

Three Approaches to DT

- 1. Digital Implementation : Analog → Digital System
- 2. Digital Upgrade: Partial Total use of Digital
- 3. Digital Outsourcing: Direct → Outsourcing

Scholarship DT Approach Finder

Scholarship Commons: Process

「Scholarship selection is administered online.」

1. Sign Up for Membership

Sign up for Scholarship Commons as a member.

2. Register Scholarship Program

Agencies register and manage scholarships online.

3. Apply For Scholarship

Students apply for scholarship programs online.

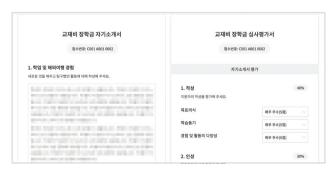

4. Submit Recommendation Letter

Recommenders submit recommendation letters online.

5. Submit Evaluation Report

Evaluators submit evaluation results online.

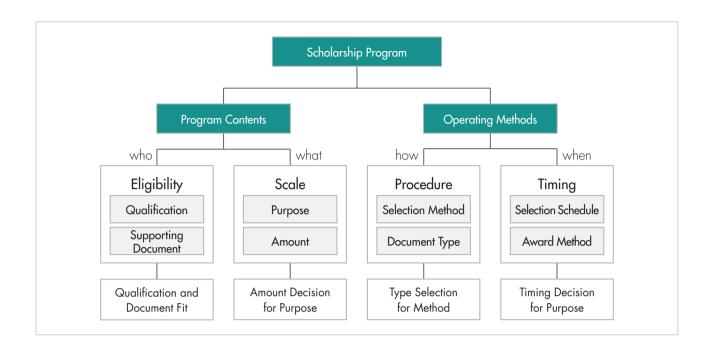

6. Notify Selection Result

Selection results are automatically notified to students, etc.

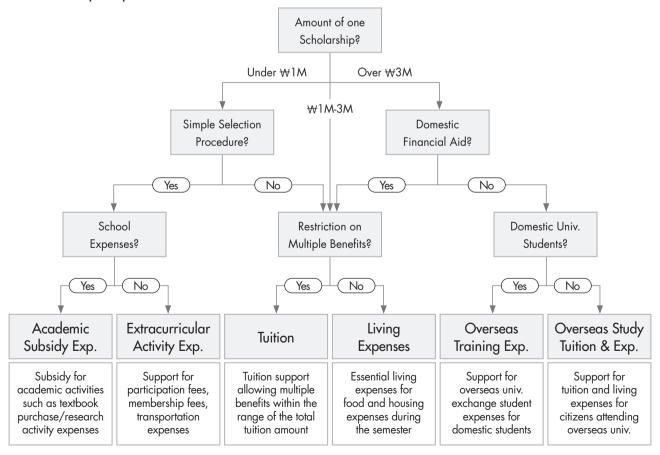

Scholarship Framework

「SF is a basic conceptual structure to develop scholarship programs.」

• Scholarship Purpose Finder

Scholarship Program Development

Scholarship by Eligibility

Division		Scholarship Type					D 11:
		Merit-based	Need-based	Competence-based	Affiliation-based	Region-based	Degree, Major
Eligibility	Qualification	• School grade • Test scores (SAT, etc.)	Low income class The vulnerable Crisis family, etc.	 Language ability Competition award Certification License Patent Volunteer, etc. 	School alumni Veteran family Disabled family Society member Association Family, relatives Religious org, etc.	A rural studentLocal residentCountryside studentBirth place, etc.	Degree programMajor field, etc.
llity	Supporting Document	Transcript Chool record Test score certificate, etc.	Income quintile confirmation Certificate of recipient Certificate of crisis situation, etc.	Language score Award certificate Copy of license Patent registration Volunteer confirmation, etc.	Parent graduation Guardian support eligibility Family relations certificate Member certificate, etc.	National ID card Rural resident confirmation letter, etc.	Certificate of enrollment Certificate of completion Graduation certificate, etc.

^{**} Qualification requirements consist of (1) scholarship types (merit, need, competence, etc), (2) degree (bachelor/master/doctoral/post-doctoral), (3) major field.

• Scholarship by Purpose

ullet Requisite riangle Optional imes Unnecessary

Division		Scholarship Purpose					
		Tuition	Living Expenses	Academic Subsidy Expenses	Extracurricular Activity Expenses	Overseas Training Expenses	Overseas Study (Degree) Expenses
	Scholarship Purpose	Tuition	Food, Housing, Transportation, etc.	Textbook purchase, Research exp, etc.	Membership / Participation fees, etc.	Exchange student program fees, etc.	Tuition, living expenses, etc.
Scale	Scholarship Amount	₩1M – Full amount	₩1M-3M	₩0.1M – 1M	₩0.1M-0.5M	₩3M-7M	₩3M – Full amount
	Scholarship Period	One to multiple semesters	One semester	One semester	One semester	One to multiple semesters	Multiple semesters
Procedure	Document	•	•	•	•	•	•
	Recommend Letter	•	Δ	Δ	×	•	•
	Interview	Δ	Δ	×	×	•	•
Timing	Selection Schedule	1–2 months before the semester	1-2 months before the semester	During the semester	Year round	4-6 months before the semester	1 year before the semester
	Award Method	School/Student bank account	Student bank account	Student bank account	Student bank account	Student back account	Student bank account

^{**} Custom scholarships can be designed for specific applications. The amount of scholarship is a suggested range for each scholarship purpose.

Scholarship Program Development Example

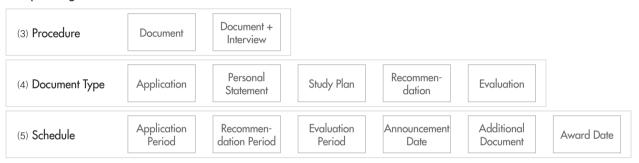

- Registration: Entering contents and methods activates the SC system.
- Execution : Announcement → Application → Evaluation → Selection.

Program Registration

1. Program Contents

2. Operating Methods

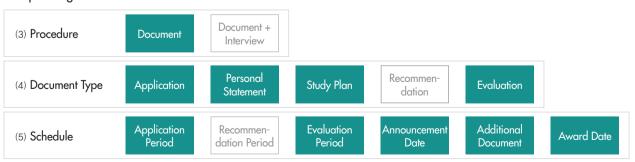

Program Example

1. Program Contents [Ex] 00 University Alumni "Textbook Scholarship"

2. Operating Methods

Award Methods (How to Give)

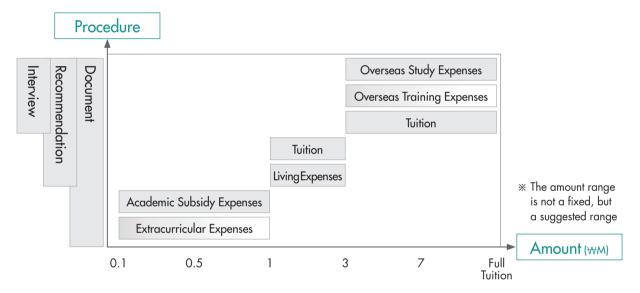

「Scholarships are awarded in cash, in kind, opportunity, etc.」

	Award in Cash	Award in Kind
Award(pay) to Scholarship Beneficiary	Deposit money into personal account	In-kind support such as vouchers
Payment to the Institution in the name of Beneficiary	Deposit money into institution account	Membership fee exemption, Participation opportunity, etc.

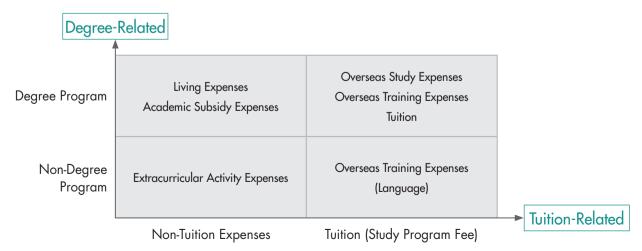

Finding Scholarship Purpose

Design a selection process suitable for scholarship purpose.

• Scholarship Amount × Selection Procedure

Tuition × Degree Relatedness

Scholarship Commons Achievement

Patent, Certificate

The Scholarship Commons is a digital scholarship management solution applying patents of 'Scholarship Integrated Management System and Operation Method' (Patent 10-1609717), 'Scholarship Information Management Device and Method' (Patent 10-1817288), and 'Display panel with image design' (30-0928525).

민트세이지, 장학금 신청·지급 전자문서로 `원스톱`

중기부장관賞 / 민트세이지

장학금 신청·지급 전자문서로 '원스톱'

민트세이지(대표 조희재)는 디지털 장학금 플랫폼인 '스칼라십커먼즈'를 개발하고 운영 서비스를 제공하는 정보기술(IT) 기업이다. 스칼라십커먼즈는 장학금 운영기만, 학생. 추천인, 심사위원 등이 각자의 장학 업무를 온라인으로 수행할 수 있는 클라우드 기반의 장학급 솔루션이다. 국가장학금은 한국장학재단에서 온라인으로 선발하고, 교내장학금은 학교 인트라넷을 통해 선발하지만 그 외민간 장학급 운영기관은 자체 전용 시스템을 개발해야 하는 어려움이 있다. 민간 장학급 신청서 제출 방법은 이메일, 온라인 신청, 우편, 방문 등으로 불편하다. 중이 전자서 류 등을 혼용해 접수하고로 신청서 관리뿐만 아니라 데이터 축적도 어려운 상태다.

스칼라십커먼즈는 기존 오프라인에서 종이 서류로 처리

조희재 대표

되면 장학금 관리 업무를 온라인에서 전자 서류로 처리하게 했다. 장학금 운 영기관이 장학금 선발 공고문· 신청서 ·추천사· 심사평가서 내용을 온라인으 로 입력하면 자동으로 디지털 서식이 생성· 제작되고, 입력된 일정에 따라 장학생 선발 과정이 온라인으로 진행 된다. 제출된 자료는 디지털 데이터로

저장돼 수작업으로 서류 분류 작업과 데이터 입력을 추가로 할 필요가 없어지므로 장학생 선발 시간을 단축할 수 있다. 조희재 대표는 "장학금 규모의 양적 성장과 서비스 품질을 한 단계 도약시키는 플랫폼이 될 것으로 기대한다"고 말했다.

제20회 대한민국 디지털경영혁신대상 수상 기업과 기관 부문 호크 기업 (기관)

대통령상		한국전력
국무총리상		롯데홈쇼핑(우리홈쇼핑)
